Testimony from 5 rivers

Partnering with Brothers XI was one of the smartest business decisions we made. They didn't just put our logo on a jersey — they actively talked about us to their network. We received over a dozen client referrals directly from the Brothers XI community, and the conversion rate was exceptional because those clients already trusted the team. Every single referral came in warm, pre-sold on who we are. We've renovated kitchens, bathrooms, and full basements for families across the region — all because Brothers XI made the introduction. That's not sponsorship — that's a genuine partnership that grows your business. We're proud to have supported them and we'd do it again without hesitation.

Testimony from Lalit Gupta from SAAR & Risk solution

When we joined Brothers XI as a sponsor, we honestly weren't sure what to expect. What we got was far beyond logo placement — the Brothers XI players and their families became genuine advocates for Risk Solution. They referred friends, relatives, and colleagues to us for life insurance and investment planning, and because the referrals came from people they trusted, those conversations were easy from the very first call. We've helped several Brothers XI community members secure life insurance, critical illness coverage, and long-term financial plans. This team understands that a sponsor is a partner, and they treat you like one. If you're a business looking for meaningful community presence and real client growth in the Waterloo Region, sponsoring Brothers XI is the most human marketing investment you'll make.
